INTERESTS

Although my skills say web developer,but I am a musician too who loves to play drums.I have toured outside Bangladesh multiple times with my band and played many shows around Bangladesh.

I love to travel too.My inspiration behind my problem solution strategy is based on people and their life style.I tend to bring technology in such a way that it's easy to use and real life oriented.

Apart from developing I love to play chess,listen to music and work on video editing.It's kind of like my break from programming and it helps me to bring out the developer inside me for good.
